ratzinger one of the key persons responsible for the compilation of the catechism of  
the catholic church offers new insights on the catechetical character and biblical  
foundation of the worldwide bestselling catechism that has had such a positive  
response from ordinary catholics across the globe but he acknowledges that the  
response of many theologians and professional religionists has been negative toward  
the catechism he says that if theologians don t want to be shut out of this worldwide  
development of sensus fidei and lose touch with the common catholic they will have to  
engage the catechism positively the main purpose of this book is to offer an invitation  
to this changed approach to the catechism he wants people to see as he shows here  
how the catechism is an excellent teaching tool that responds to man s deepest  
questions about the meaning of life how to live a good life and how to attain happiness  
in this life and in eternal life he shows how the catechism affirms that man s happiness  
is love and that the essence of true love has been manifested in the person of jesus
